

# Consultation on Kidney Stones Programme

---

**Copenhagen, Denmark, 13 September 2019**

Venue: Conference Center Moltkes, Dronningens Tværgade 2, Copenhagen

**Registration** 08:00 - 08:50

**Welcome by Chairs** P Osther and M Brehmer 08:50 - 09:00

## Introduction

Lithotripsy in a personalized stone approach (PSA) perspective: flexibility is the key. P Osther 09:00 - 09:15

## Lithotripsy in percutaneous nephrolithotomy

Panel: T Axelsson, M Desai, M Hasan, E Montanari, K Thomas, J Williams

Conventional PCNL: technical and safety aspects of lithotripsy (ultrasonic/kinetic/combined) T Knoll 09:15 - 09:35

Technical aspects of laser lithotripsy and stone clearance during miniaturized PCNL U Nagele 09:40 - 10:00

Comparing clinical outcome between conventional and miniaturized PCNL from a lithotripsy point of view D Pérez-Fentes 10:05 - 10:25

Coffee break 10:30 - 11:10

Safety aspects of laser lithotripsy during miniaturized PCNL M Straub 11:10 - 11:30

Lithotripsy and stone clearance considerations in supine PCNL C Cracco 11:35 - 11:55

**Lunch** 12:00 - 13:00

## Lithotripsy in flexible ureteroscopy

Panel: K Andreassen, J Baard, Y Eriksson, S Kissow Lildal, B Turney, Ø Ulvik

Comparison of different laser technologies for intracorporeal lithotripsy O Traxer 13:00 - 13:20

Technical aspects of laser lithotripsy and stone clearance during flexible ureteroscopy M Bultitude 13:25 - 13:45

Comparing clinical outcome between different laser lithotripsy strategies K Ghani 13:50 - 14:10

Safety aspects of laser lithotripsy during flexible ureterorenoscopy H Jung 14:15 - 14:35

Endoscopes and laser lithotripsy G Kamphuis 14:40 - 15:00

Basics of laser lithotripsy P Kronenberg 15:05 - 15:25

**Summary and farewell** M Brehmer 15:30 - 16:00
